

Nortronics Mounting Hardware and Accessories

Nortronics offers a variety of hardware and mounting accessories for use with replacement heads. These are available from nationwide Nortronics dealers as "off the shelf" items and are detailed below:

BIAS OSCILLATOR TRANSFORMERS

T-70 SERIES
for p.c. board mounting only

- T70-T2 For Xsistor circuits, 50-120 KHz & 40, 80, or 120 Volts RMS.
T70-T5 For Xsistor circuits, 150-200 KHz.
T70-T6 For Xsistor circuits, 230-500 KHz & 70 Volts RMS.

T-60 SERIES
for chassis mounting only

- T60-T2 For Xsistor circuits, 60-110 KHz & 40, 80, or 120 Volts RMS.
T60-T6 For Xsistor circuits, 230-500 KHz & 70 Volts RMS.

CONTACTOR HEAD for end-of tape sensing/track switching

- CH-3-N/B Contactor head, no-mount head including base mount adapter
CH3-R Contactor head, Rear Mount

QUIK-KIT MOUNTING BRACKETS

- OK-74 **Universal Mounting Bracket.** A unique, general-purpose assembly featuring alignment for head, face and azimuth. Two TG-7 guide posts may be added if desired, or tabs for guide posts may be snapped off for limited space applications. Base features holes for mounting on recorder. For all Nortronics No-Mount Record, Play, Record/Play, and Combo heads except 3000-3299 Series and miniature heads. Also fits special "B" Case Erase heads. Base size with tabs: 1 1/16"W x 1 27/32"L. Base size without tabs: 1 1/16"W x 1 7/32"L.
- OK-75 Identical to QK-74, but two TG-7 guide posts are included.
- OK-76 Mounting hardware to convert many AMPEX nests to Nortronics heads. Includes mounting block with hardware and plug.

QK-75

| QK-18 Std. Erase - Side | QK-86 Ampex 900/600 | QK-97 Revox |
| QK-19 Std. Erase - Base | QK-87 Ampex PR-10 | QK-102 "B" Dual-Stud Base |
| QK-20 "G" Case - Side | QK-88 Magnecord 728 | QK-106 Concertone "B" |
| QK-21 "G" Case - Base | QK-89 Scully Adapter | QK-110 810-045 |
| QK-35 "B" Case - Sp Base | QK-90 Scully Adapter | QK-112 810-042 |
| QK-38 "B" Case - Side | QK-91 Scully | QK-114 810-055 "B" Cart. |
| QK-66 "B" Case - Base | QK-92 Ampex 600 | QK-116 Roberts |
| QK-73 Electro Sound | QK-93 Otari | QK-117 810-066 |
| QK-79 Ampex AG440 | QK-94 Pioneer RT701 | QK-304 Concertone-Erase |
| QK-84 Concertone | QK-95 Pioneer 2022 | QK-701 Pioneer RT701 Oscillator |
| QK-85 Teac | QK-96 Sony TC650, TC850 | |

TAPE GUIDE POST

TG-7 Precision guide for positioning and controlling tape path travel. Special chrome-plated brass finish for longest life, minimum wear. Supplied with a variety of mounting hardware.

PLUG AND CABLE ASSEMBLIES

(CC-77 WIRING)

- CC-70 18" Plug and shielded insulated cable assembly for new model Nortronics heads (except Mono Combo and Cassette heads).
- CC-77 18" Plug and shielded insulated cable assembly for Nortronics Mono Combo and Cassette heads (except 5400 Series).
- CC-110 4" Plug and unshielded cable assembly for Mono heads.
- CC-111 4" Plug and unshielded cable assembly for Stereo heads.

PIN CLIPS

- TC-54 Gold-plated beryllium copper (supplied in pkgs. of 100). For heads with .050" pins.
- TC-91 Gold-plated beryllium copper (supplied in pkgs. of 100). For heads with .030" pins.

PIN CLIPS AND CABLE ASSEMBLIES

- | | |
|--|---|
| CC-55 9" Terminal Clip and shielded cable assembly (red-orange) 2 per pkg. (for .050" pins only) | CC-78 24" Terminal Clip and shielded cable assembly (red-orange) 2 per pkg. (for .050" pins only) |
| CC-56 As above - coded (yellow-blue) | CC-79 As above - coded (yellow-blue) |
| CC-57 As above - coded (white-black) | CC-80 As above - coded (white-black) |
| CC-58 As above - coded (red-black) | CC-81 As above - coded (red-black) |
